

Museum Signage

In November 2020 the Busselton Historical Society embarked on an ambitious project to update and improve the signage and labelling in the main building at the Museum. This was a major project for the society and required the efforts of many members to complete the research for the information that is now being displayed. With this project we have created a style guide for consistent, informational signage that will be followed as we continue to improve the displays in our museum.

The Busselton Historical Society would like to acknowledge and thank the **Busselton Lions Club** for donating the funds necessary to complete the project and local supplier **Jigsaw Sign + Print** for providing their design and printing expertise.

Without the funding from the **Busselton Lions Club** this project would not have been possible, so whenever you see a sign like this in the main building, please say "Thank you Lions" on the behalf of the society.

Funded by the Busselton Lions Club
